About Your Benefits

At the Town of Paradise Valley, we are committed to providing a comprehensive and valuable benefits package to you and your family. Please review this guide to learn about your options so you can make the most of your benefits. If you have any questions, feel free to reach out to HR at 480.348.3542 or gmonger@paradisevalleyaz.gov.

Eligibility and Enrollment

You are eligible to participate in the Town of Paradise Valley benefits if you are a full-time employee working at least 30 hours per week. If you enroll for benefits, you may also cover your:

- Legal spouse;
- Children up to age 26;
- Domestic partners; and/or
- Unmarried children of any age who are mentally or physically disabled.

Your benefits begin on the first day of the month following your date of hire.

Select Your Benefits Carefully

To get the most value from your benefits, carefully consider which options are right for you and your family. Because premiums for certain benefits are deducted on a pre-tax basis, IRS regulations may prohibit you from making enrollment changes until the end of the plan year, unless you experience a qualifying event. Pre-tax benefits include: medical, dental, vision, FSA, and HSA (HDHP only).

Making Changes to Your Benefits

Each year, you have the opportunity to make changes to your benefits during the annual open enrollment period. Any pre-tax benefit elections made during open enrollment must remain in effect for the entire benefit year, unless you experience a qualifying event which may allow for a mid-year election change. Examples of qualifying life events include:

- Marriage, legal separation, or divorce;
- Birth or adoption of a child;
- Change in a dependent's eligibility status;
- Loss of eligibility for group health coverage, health insurance coverage, or Medicaid/CHIP; and
- Becoming eligible for a state premium assistance subsidy.

If you believe you have a qualifying event please notify HR immediately. You have 31 calendar days from a qualified change in status to make changes. However, if you lose eligibility for Medicaid/CHIP, or become eligible for a state premium assistance subsidy, you have 60 calendar days from the qualifying event/change in status to make changes. Keep in mind, the changes you make must be directly related to the qualifying event.

Medical Coverage

Terms to Know

- **Copay:** A set dollar amount you pay for a covered healthcare service, usually when you receive the service.
- **Deductible:** What you pay out of pocket for healthcare services before the plan begins to pay its portion.
- **Coinsurance:** Your share of the costs of covered healthcare services after you reach the deductible. You pay a percentage of the cost, and the medical plan pays the rest.
- **Out-of-Pocket Maximum:** What you have to pay before the plan pays 100% of your covered costs.
- **Network:** The facilities and providers the medical plan has contracted with to provide healthcare services. In-network providers typically provide services at a lower negotiated rate. If you receive services from a provider that is **in-network**, it will cost you significantly less than going to a provider that is **out-of-network**.
- **Formulary Drug List:** A list of generic and brand-name drugs that have been evaluated for safety and effectiveness, and which are covered by AzMT.
- **Generic Drugs:** Identical or bio-equivalent to a brand name drug in dosage, form, safety, strength, route of administration, quality, performance characteristics, and intended use.
- **Brand Name Drugs:** Sold by drug companies under a specific name or trademark and are protected by patent.
- **Specialty Drugs:** Drugs typically used to treat chronic conditions like cancer or multiple sclerosis. These drugs tend to be more expensive and usually require special handling and monitoring. If you take a specialty medication, you will be required to use the specialty pharmacy. Register by logging in to www.Navitus.com.

How the Plans Work

All plans use the Blue Cross Blue Shield of Arizona network and cover 100% of the cost for in-network preventive care services covered under the Affordable Care Act, like annual physicals and routine immunizations. The way you pay for care is different with each plan.

EPO: This plan has set copays for some services and a deductible and coinsurance for others. Copays do not apply toward your deductible (\$300/\$600) so you will pay copays until you reach your annual out-of-pocket maximum (\$2,750/\$5,500). Under this plan, there is coverage **ONLY** when you use an EPO provider, except in the case of a life-threatening emergency.

PPO: This plan has set copays for some services and a deductible and coinsurance for others. Copays do not apply toward your deductible (\$750/\$1,500 in-network/\$2,000/\$4,000 out-of-network), so you will pay copays until you reach your annual out-of-pocket maximum (\$3,500/\$7,000 in-network/\$5,000/\$10,000 out-of-network).

PPO Buy-Up: This plan has set copays for some services and a deductible and coinsurance for others. Copays do not apply toward your deductible (\$250/\$500 in-network and \$500/\$1,000 out-of-network), so you will pay copays until you reach your annual out-of-pocket maximum (\$3,000/\$6,000 in-network and \$5,000/\$10,000 out-of-network).

HDHP (High-Deductible Health Plan): You pay the full negotiated cost for medical services and prescription drugs until you meet your annual deductible (\$3,200/\$6,400 in-network and \$5,000/\$10,000 out-of-network) Once you meet your deductible, eligible in-network claims will be paid at 100% for the rest of the plan year; once you meet your out-of-network deductible, you will pay 50% of eligible claims until you reach your maximum out-of-pocket (\$10,000/\$20,000).

The PPO, PPO Buy-Up, and HDHP offer you a choice between an in-network group of providers who offer their services at discounted rates and out-of-network providers without discounted rates. Keep in mind that if you choose out-of-network providers, you will be subject to a higher cost and the provider can balance bill you.

Blue Cross Blue Shield of Arizona (BCBSAZ) is the network provider and plan members have access to more than 25,100 doctors and specialist that make up a strong Arizona network. BCBSAZ has contracted with more than 95% of hospitals in Arizona, including 80 acute care hospitals. If you use services in Arizona and within the BCBSAZ network, eligible benefits will be paid based on the benefit level of the plan you choose. If you utilize services outside of Arizona and/or outside of the BCBSAZ network, services will be paid at the *Medicare Like Rate* and the provider can balance bill you, potentially leaving you with thousands of dollars owed out-of-pocket.

AmeriBen is the third-party claim administrator and they process medical claims, verify eligibility, answer coverage questions, and can assist with ID cards. Visit AmeriBen at www.myameriben.com or call 855.350.8699.

Mail Order Program

Navitus also offers members a mail-order program for filling maintenance medications through Costco. Members are able to receive a 90-day supply of medications mailed to their home for a reduced copayment. To see if your pharmacy is participating, contact Navitus Customer Care at 866.333.2757.

Dispense as Written Penalty

Members who choose a brand name medication when a generic is available will be subject to a penalty equivalent to the cost difference between the generic and brand.

CVS Excluded

Please note that CVS is not covered under any of the AzMT plans.

Medical and Prescription Coverage

Comprehensive and preventive healthcare coverage is important in protecting you and your family from the financial risks of unexpected illness and injury. A little prevention usually goes a long way—especially in healthcare. Routine exams and regular preventive care provide an inexpensive review of your health. Comprehensive healthcare also provides peace of mind.

Health Savings Accounts (HSA)

Keep Your Beneficiaries Up to Date

- ❖ Make sure to keep this information updated so your benefit is paid according to your wishes.
- ❖ This may be done by completing a Beneficiary Designation form with your employer.

Supplemental

Life/AD&D

Supplement life insurance is available to employees who want to add additional life insurance for themselves or their dependents. Employees can be covered in increments of \$10,000 up to \$750,000. spouse can be covered in increments of \$5,000 up to \$250,000 but cannot exceed the employee's life insurance amounts. Child(ren) can be covered in increments of \$2,500 to \$10,000 or \$15,000, not to exceed 100% of employee's basic and supplemental amount.

Voluntary AD&D provides additional financial protection if the insured's death is due to a covered accident whether it occurs at work or elsewhere. Employees may elect up to \$500,00 in increments of \$10,000. Dependent AD&D is a percentage of the employee's amount-spouse with child(ren) = 40%, spouse = 50%, each child with spouse = 10% or each child = 15%.

KEY POINTS TO CONSIDER ABOUT LIFE INSURANCE

- You pay the full cost of supplemental and dependent coverage on a post-tax basis.
- If you are the sole wage-earner in your family, think about whether or not you need more protection than the Town-paid basic coverage provides.
- Consider whether you have enough money to cover funeral and/or legal expenses in the event of a death of a spouse or children. Dependent life insurance may help with these expenses.
- Be sure to designate a beneficiary (or beneficiaries) for your employee life insurance and keep it up-to-date (basic and supplemental).
- Help is available for determining how much life insurance you may need. Check out the life insurance calculator at www.lifebenefits.com/insuranceneeds to determine the right amount for you.

Line of Duty Coverage

If a loss is incurred while a public safety officer is taking action that by rule, regulation, law or condition of employment they are obligated or authorized to perform, they will receive an additional accidental death & dismemberment (AD&D) payout in the amount of the lesser of \$100,000 or 100% of the employee's current AD&D amount.

Supplemental Life/AD&D

The cost of Supplemental coverage is based on your age on the last day of the fiscal year (June 30) and the amount of insurance you select. Current rate for each \$1,000 in supplement life insurance coverage are listed in the chart at the bottom of the page.

Example: 30-year old employee interested in \$20K of supplemental life insurance:

$\$.080 \times 20 = \1.60 per month or $\$.74$ per pay period

*Insurance amounts are rounded to the nearest thousandth.

The cost of child(ren)'s term life is a flat $\$.013 \times 10$.

Example: Employee with three children interested in \$10K of supplemental dependent life insurance:

$\$.013 \times 10 = \1.30 per month or $\$.60$ per pay period

All children receive a \$10,000 benefit.

The cost of voluntary AD&D coverage is available to employees who want to add additional coverage as outlined below:

Example: Employee with three children interested in \$100K of Voluntary AD&D:

$\$.045 \times 100 = \4.50 per month or $\$2.25$ per pay period

Each child would receive a \$15,000 benefit.

PATIENT PROTECTIONS AGAINST SURPRISE MEDICAL BILLS

What is “balance billing” (sometimes called “surprise billing”)?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

“Out-of-network” describes providers and facilities that haven't signed a contract with your health plan. Out-of-network providers may be permitted to bill you for the difference between what your plan agreed to pay and the full amount charged for a service. This is called “balance billing.” This amount is likely more than in-network costs for the same service and might not count toward your annual out-of-pocket limit.

“Surprise billing” is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider.

You are protected from balance billing for:

Emergency services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most the provider or facility may bill you is your plan's in-network cost-sharing amount (such as copayments and coinsurance). You can't be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balance billed for these post-stabilization services.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers may bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other services at these in-network facilities, out-of-network providers can't balance bill you, unless you give written consent and give up your protections.

You're never required to give up your protections from balance billing. You also aren't required to get care out-of-network. You can choose a provider or facility in your plan's network.

When balance billing isn't allowed, you also have the following protections:

- You are only responsible for paying your share of the cost (like the copayments, coinsurance, and deductibles that you would pay if the provider or facility was in-network). Your health plan will pay out-of-network providers and facilities directly.
- Your health plan generally must:
 - Cover emergency services without requiring you to get approval for services in advance (prior authorization).
 - Cover emergency services by out-of-network providers.
 - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
 - Count any amount you pay for emergency services or out-of-network services toward your deductible and out-of-pocket limit.

If you believe you've been wrongly billed you may contact the No Surprises Help Desk (NSHD) at www.cms.gov/nosurprises or call 800.985.3095 for more information about your rights under federal law.

WOMEN'S HEALTH & CANCER RIGHTS ACT

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 ("WHCRA"). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All states of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.
- These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under the plan.

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you are eligible for health coverage from your employer, but are unable to afford the premiums, some states have premium assistance programs that can help pay for coverage. These States use funds from their Medicaid (AHCCCS in Arizona) or CHIP programs to help people who are eligible for employer-sponsored health coverage, but need assistance in paying for their health premiums.

If you or your dependents are already enrolled in Medicaid (AHCCS) or CHIP, and you think you or any of your dependents might be eligible for either of these programs you can contact:

ARIZONA – CHIP

<https://www.azahcccs.gov>

602-417-5422

1-877-KIDS NOW

www.insurekidsnow.gov

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid (AHCCCS) or CHIP, your employer's health plan is required to permit you and your dependents to enroll in the plan – as long as you and your dependents are eligible, but not already enrolled in the employer's plan. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance.**

HIPAA SPECIAL ENROLLMENT RIGHTS

Arizona Metropolitan Trust Notice of Your HIPAA Special Enrollment Rights

Our records show that you are eligible to participate in the Arizona Metropolitan Trust. To participate, you must complete an enrollment form and may be required to pay part of the premium through payroll deduction.

A federal law called HIPAA requires that we notify you about an important provision in the plan - your right to enroll in the plan under its "special enrollment provision" if you acquire a new dependent, or if you decline coverage under this plan for yourself or an eligible dependent while other coverage is in effect and later lose that other coverage for certain qualifying reasons.

Loss of Other Coverage (Excluding Medicaid or a State Children's Health Insurance Program).

If you decline enrollment for yourself or for an eligible dependent (including your spouse) while other health insurance or group health plan coverage is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within insert "30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

Loss of Coverage for Medicaid or a State Children's Health Insurance Program. If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children's health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents' coverage ends under Medicaid or a state children's health insurance program.

New Dependent by Marriage, Birth, Adoption, or Placement for Adoption. If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your new dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

Eligibility for Premium Assistance Under Medicaid or a State Children's Health Insurance Program. If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children's health insurance program with respect to coverage under this plan, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 60 days after your or your dependents' determination of eligibility for such assistance.

To request special enrollment or to obtain more information about the plan's special enrollment provisions, contact Jaime Schulenberg, Pool Administrator at 928.391.2297 or Jaime.Schulenberg@ajg.com.

Important Warning

If you decline enrollment for yourself or for an eligible dependent, you must complete a form to decline coverage. On the form, you are required to state that coverage under another group health plan or other health insurance coverage (including Medicaid or a state children's health insurance program) is the reason for declining enrollment, and you are asked to identify that coverage. If you do not complete the form, you and your dependents will not be entitled to special enrollment rights upon a loss of other coverage as described above, but you will still have special enrollment rights when you have a new dependent by marriage, birth, adoption, or placement for adoption, or by virtue of gaining eligibility for a state premium assistance subsidy from Medicaid or through a state children's health insurance program with respect to coverage under this plan, as described above. If you do not gain special enrollment rights upon a loss of other coverage, you cannot enroll yourself or your dependents in the plan at any time other than the plan's annual open enrollment period, unless special enrollment rights apply because of a new dependent by marriage, birth, adoption, or placement for adoption, or by virtue of gaining eligibility for a state premium assistance subsidy from Medicaid or through a state children's health insurance program with respect to coverage under this plan.

NOTICE OF CREDITABLE COVERAGE

Important Notice from AzMT About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with AzMT and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offer prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. AzMT has determined that the prescription drug coverage offered by all of its medical plans are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage if You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current AzMT coverage will not be affected.

Your current AzMT medical coverage pays for other health expenses in addition to prescription drugs. If you enroll in a Medicare drug plan, you will still be eligible to receive medical and prescription drug benefits through AzMT. If you do enroll in a Medicare drug plan, in general, the following guidelines apply:

- If you are an active employee, or the covered dependent of an active employee, you are required to obtain your outpatient prescription drug benefits through your AzMT plan first. You can then file on a secondary basis with your Medicare drug plan.
- If you are a COBRA participant, or the covered dependent of a COBRA participant, you are required to obtain your outpatient prescription drugs through your Medicare drug plan first. Secondary coverage is not available through AzMT.

Important: You can only waive prescription drug coverage by waiving the entire AzMT medical/prescription plan coverage for yourself and your dependents. Remember, if you do waive your AzMT coverage, active employees can only re-enroll in the medical/prescription combined plan during the next Open Enrollment Period.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with AzMT and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice or Your Current Prescription Drug Coverage...

Contact Jaime Schulenberg, listed on page 36, for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan and if this coverage through AzMT changes. You may also request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

NOTICE REGARDING WELLNESS PROGRAM

AzMT L.I.V.E. is a voluntary wellness program available to all employees covered under the Arizona Metropolitan Trust Medical Plan. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you will be asked to complete a voluntary health risk assessment or “HRA” that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease) You will also be asked to complete a biometric screening, which will include a Fasting Blood Glucose and Complete Lipid Profile blood test, as well as voluntary blood tests for thyroid (TSH, T3.T4 and T7) PSA and A1C. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the wellness program will receive an incentive of Virgin Pulse Points which can be used for purchases in the Virgin Pulse Store. Although you are not required to complete the HRA or participate in the biometric screening, only employees who do so will receive Virgin Pulse Points.

Additional incentives of Virgin Pulse points and/or nominal-value incentive prizes such as cups, lunch boxes, etc. may be available for employees who participate in certain health-related activities, Virgin Pulse challenges, Flu immunizations, Skin Cancer screenings, lunch and learns, etc. If you are unable to participate in any of the health-related activities, required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Laura Montini, at ~~W~~llbeing Consultant at 928.391.2311.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as diabetes or weight management. You also are encouraged to share your results or concerns with your own doctor.

COBRA GENERAL NOTICE

**** Continuation Coverage Rights Under COBRA ****

Introduction

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

When is COBRA continuation coverage available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to your Human Resources Department.

How is COBRA continuation coverage provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, [Children's Health Insurance Program \(CHIP\)](#), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends?

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period¹ to sign up for Medicare Part A or B, beginning on the earlier of:

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

YOU ARE REQUIRED TO PROVIDE TIMELY NOTICE

You or your dependents must promptly furnish the Town of Paradise Valley with information regarding change of name, address, marriage, divorce or legal separation, death of any covered family member, birth or change in status of a dependent child, Medicare enrollment or disenrollment, or the existence of other coverage. Proof of legal documentation will be required for certain changes.

Notify the Plan within 31 days after any of the above noted events.

Failure to give the Town timely notice of the above noted events may:

- Cause you, your Spouse and/or Dependent Child(ren) to lose the right to obtain COBRA Continuation Coverage;
- Cause the coverage of a Dependent Child to end when it otherwise might continue because of a disability;
- Cause claims to not be able to be considered for payment until eligibility issues have been resolved; or
- Result in your liability to repay the Plan if any benefits are paid to an ineligible person. The Plan has the right to offset the amounts paid against the participant's future medical, dental, and/or vision benefits.

Disclaimer

In accordance with the requirements in the Affordable Care Act, your employer will not retroactively cancel coverage (a rescission) except when premiums are not timely paid, or in cases when an individual performs an act, practice or omission that constitutes fraud, or makes an intentional misrepresentation of material fact that is prohibited by the terms of the Plan. Keeping an ineligible dependent enrolled (for example, an ex-spouse, overage dependent child, etc.) is considered fraud. If you have questions about eligibility contact Human Resources Department.

This document is an outline of the coverage provided under your employer's benefit plans. It does not include all the terms, coverage, exclusions, limitations, and conditions contained in the official Plan Document, applicable insurance policies and contracts (collectively, the "plan documents"). The plan documents themselves must be read for those details. The intent of this document is to provide you with general information about your employer's benefit plans. It does not necessarily address all the specific issues which may be applicable to you. It should not be construed as, nor is it intended to provide, legal advice. To the extent that any of the information contained in this document is inconsistent with the plan documents, the provisions set forth in the plan documents will govern in all cases. If you wish to review the plan documents or you have questions regarding specific issues or plan provisions, you should contact your Human Resources Department.
